

Side by Side Charter School: Safe School Climate Plan

The purpose of this Safe School Climate Plan is to create and maintain a positive school climate for all children and adults of the school community. The plan includes specific measures to prevent and alleviate the occurrence of bullying in school as well as a specifically outlined protocol for addressing reported acts of bullying when they occur.

- I. **Positive School Climate:** *“The quality and character of school life with a particular focus on the quality of relationships within the community between and among students and adults.”*

A. **Origin of RISE**

- Through collaborative professional development efforts **four core behavioral expectations** were identified as being essential to promoting a positive and safe school climate at Side by Side. (These four behaviors are also integral components to the unique mission and charter of Side by Side School): **(1) RESPECT; (2) INDEPENDENCE (3) SOCIAL-JUSTICE, & (4) EMPATHY.**
- Using these 4 core behavioral expectations the acronym **RISE** will be used to identify and define this approach of promoting and maintaining a safe school climate at Side by Side School at Side by Side.

B. **“Setting the Norms: The First 4 Weeks”**

- During the first 4 weeks of the school year each homeroom teacher will be responsible to incorporate each of the 4 components of RISE into morning meeting activities and discussions. The purpose of this will be to set the norms for all children regarding each of the 4 components that are needed to maintain a positive and safe climate
- Although the meetings will look different at each grade level, the same guiding questions will be used in each class to help structure these meetings. Guiding questions will be:
 - ✓ *What does component (Respect, Independence, Social Justice or Empathy) mean? Brainstorm what it means to you.*

- ✓ *What does this component look, sound and/or feel like in a classroom/academic setting?*
- ✓ *What does this component look, sound and/or feel like in the lunchroom, recess or during free social times?*
- ✓ *What does this component look, sound and/or feel like in the hallways or at your lockers?*
- ✓ *What does this component look, sound and/or feel like on the bus or at an off-campus event?*

C. Monthly “All-School” RISE Meetings

- Each month an All-School assembly will be held for the purpose of bringing students together to share and celebrate activities or school happenings related to Respect, Independence, Social-justice or Empathy
- “Buddy-groups”: at the conclusion of the RISE meetings, “buddy group” (pairing an older elementary/middle grade class with a lower-elementary class) classes will meet for collaborative projects/activities

II. The “RISE Team”: The Safe School Climate Committee at Side by Side Charter School

- The RISE Team's main purpose is to investigate research, make recommendations to and disseminate information to the school community with regards to fostering a safe school climate.

- Publication and display of RISE expectations, school and/or classroom rules and all Board of Director's policies prohibiting bullying, harassment, and intimidation are provided to all school stakeholders (hard copies; on school website, etc.)
- adequate adult supervision, primarily by teachers and administrators, as well as within all schools' outdoor areas, hallways, multi-purpose room, and other specific areas where bullying is likely to occur

E. Procedures for Reporting and Investigating Complaints of Bullying

- Students and parents (or guardians of students) may file written reports of bullying using the form provided by Side by Side Charter School (form will be made available on the school website, in the main office and in the Social Worker's office). Written reports of bullying must be reasonably specific as to the basis for the report, including the time and place of the alleged conduct, the number of incidents, the target of the suspected bullying, and the names of potential witnesses. Such reports may be filed with the Executive Director or School Social Worker (acting as the Safe School Climate Specialist in the building) and all reports shall be reviewed and acted upon in consistency with this plan. The Executive Director and/or Social Worker, at their discretion, may request the involvement of the RISE Team (Safe School Climate Committee) to assist in investigating any report of bullying.
- Students may make anonymous reports of bullying to any school employee, but we strongly encourage students to go directly to the Side by Side Social Worker or the Executive Director. All school employees will be trained in how to make a bullying report, and they will immediately take the report to the Executive Director or the School Social Worker. A student may also request anonymity when making a report, even if the student's identity is known to the school employee. In cases where the student requests anonymity, the Safe School Climate Specialist (Executive Director and/or Social Worker) shall meet with the student to review the request for anonymity and discuss the impact that maintaining the anonymity of the complainant may have on the investigation and on any possible remedial action. All anonymous complaints shall be reviewed and reasonable action will be taken to address the situation, to the extent such action may be taken that does not disclose the source of the complaint, and is consistent with the due process rights of the student(s) alleged to have committed acts of bullying. No disciplinary action shall be taken solely on the basis of an anonymous complaint.

- School employees who witness acts of bullying or receive reports of bullying shall orally notify the Executive Director or Social Worker, not later than one (1) school day after such school employee witnesses or receives a report of bullying. The school employee shall then file a written report not later than two (2) school days after making such oral report using the school's bullying report form (see attached)
- The Executive Director and/or the School Social Worker (acting in the role of Safe School Climate Specialist) shall be responsible for reviewing any anonymous reports of bullying and shall investigate or supervise the investigation of all reports of bullying and ensure that such investigation is completed promptly after receipt of any written reports. In order to allow the school to adequately investigate complaints filed by a student or parent/guardian, the parents of the student suspected of being bullied must provide consent to permit the release of that student's name in connection with the investigation process, unless the student and/or parent has requested anonymity. The Safe School Specialist or other school administrator will follow-up on all relevant information while conducting an investigation. Parents and students should be advised that all reports of bullying will be investigated.
- In investigating reports of bullying, the Executive Director and/or the School Social Worker (acting in the role of Safe School Climate Specialist) will consider all available information known, including the nature of the allegations and the ages of the students involved. They will then interview witnesses, as necessary, reminding the alleged perpetrator and other parties that retaliation is strictly prohibited and will result in disciplinary action

F. Responding to Verified Acts of Bullying

- Following investigation, if acts of bullying are verified, the Executive Director or Social Worker shall notify the parents or guardians of the students against whom such acts were directed as well as the parents or guardians of the students who commit such acts of bullying of the finding not later than forty-eight hours after the investigation is completed. This notification shall include a description of the school's response to the acts of bullying. In providing such notification, however, care must be taken to respect the statutory privacy rights of other students, including the perpetrator of such bullying. The specific disciplinary consequences imposed on the perpetrator, or personally identifiable information about a student other than the parent/guardian's own child, will not be disclosed except as provided by law

- The Executive Director or Social Worker shall develop a ***Student Safety Support Plan*** for any student against whom repeated acts of bullying were directed. Such a support and intervention plan will include safety measures to protect against further acts of bullying. The Student Safety Support Plan, which is a specific and individualized intervention plan, will also address recurrently perpetrated bullying incidents by the same individual. The plan may include counseling, discipline, and other appropriate remedial actions as determined by the Safe School Climate Specialist or designee
- **Notice to Law Enforcement:** If the Executive Director reasonably believes that any act of bullying constitutes a criminal offense, he/she shall notify appropriate law enforcement. Notice shall be consistent with the school's obligations under state and federal law and Board policy and procedures regarding the disclosure of personally identifiable student information.
- If a bullying complaint raises concern about discrimination or harassment on the basis of legally protected classifications (such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, socio-economic status, academic status, physical appearance, or mental, physical, developmental, or sensory disability, or by association with an individual or group who has or is perceived to have one or more of such characteristics), the Executive Director or Social Worker shall coordinate the investigation with professionals outside of the school. (Marlene DeBellis is the current Title IX Coordinator and Mary Newbery the current Section 504 Coordinator for Side by Side Charter School).

G. Documentation and Log

- Side by Side shall maintain written complaints of bullying, along with supporting documentation received and/or created as a result of bullying investigations, consistent with the Board's obligations under state and federal law. Any educational record containing personally identifiable student information pertaining to an individual student shall be maintained in a confidential manner, and shall not be disclosed to third parties without the prior written consent of a parent, guardian, or eligible student, except as permitted under Board policy and state and federal law
